

Notice of Public Comment Period for Borrego Hotel RI/FS Work Plan The Borrego Hotel site was formerly used as a target area for practice bombing, strafing, and as an emergency landing field during training for World War II. As a result of this training, remnants of munitions were left behind that may or may not be dangerous. The U.S. Army Corps of Engineers is accepting public comments on a work plan that details how the 222-acre site will be investigated for potentially dangerous military munitions. The deadline for comments is September 27, 2010. The work plan provides a detailed project execution plan that explains how the Corps will estimate the location, concentration, and type of munitions and explosives of concern within the Borrego Hotel site. After the field investigation, a feasibility study will be released that will propose alternatives for dealing with the munitions. The several-hundred-page draft final work plan is available for review at the Borrego Springs public library branch at 587 Palm Canyon Drive, Suite 125, and online at www.borregosprings-mmmp.org. Comments can be sent to the USACE Los Angeles District, CESPL-PM-M, Attn: Suneeta Sahgal, 915 Wilshire Blvd., Suite 15011, Los Angeles, CA, 90017-3401 or e-mailed to Suneeta.sahgal@usace.army.mil. The Corps plans to visit Borrego Springs for a Community meeting on August 31, 2010 to answer questions or take comments from property owners and other stakeholders. The meeting will be held from 6:00 - 9:00 PM in the "Community Room" at the Borrego Springs High School, 2281 Diegueno Road, Borrego Springs, CA. **Publish Dates:** 8/22/2010 -8/23/2010
